

2022 Annual Grant Application Guidelines

In 2022, PEDIGREE Foundation plans to support over \$1M in grant funding, and we encourage every interested 501(c)(3) shelter and rescue to apply. Our vision is a day when all dogs are safe, secure, cared for and loved – and we know this depends on the tireless and compassionate work you do each and every day. We are proud to be partnering with you to support your efforts.

To be considered for a PEDIGREE Foundation grant to support your lifesaving initiatives, we require a completed online application. As our application guidelines or application process may have changed since you've last applied, please carefully read the information below prior to completing an application. Completion of our application accurately and in accordance with these instructions is necessary to be considered for funding.

Changes for Our Grants in 2022

Please note the following changes to our guidelines for funding in 2022:

PEDIGREE Foundation will only be funding grant requests in the following categories:

- **Transport programs** that support sending or receiving organizations in moving dogs from areas of overpopulation to areas where they're more likely to be adopted.
- **Foster programs** that move dogs temporarily into loving homes while they await adoption, with foster parents to care and advocate for them.
- **Behavior programs** that help with socialization, training and stress relief so dogs can move beyond behaviors that might hinder their adoption into loving, forever families.
- **Matching programs** that help increase the likelihood that shelter dogs will bond with their adopters by helping find the best fit for the dogs and potential adopters.

Please note that we will not be funding any requests for medical supplies or veterinary care related expenses this year. This includes spay and neuter programs, treatments or vaccines, medical equipment, etc. Instead, please submit those types of requests to [Banfield Foundation](#) or [VCA Charities](#).

PEDIGREE Foundation grant opportunities in 2022 include the following:

- **DOGS RULE.™ Grant (\$50,000 a year for two years)** – one grant is available in 2022 to support an innovative initiative that focuses on increasing adoptions rates with a requirement to deliver a manual or toolkit by the end of the program to share with the animal welfare community. [Apply here](#) or at PedigreeFoundation.org/grant-program.
- **Program Development Grants (up to \$15,000)** – to increase adoption rates, with funding available for the following types of programs: transport, foster, behavior or matching. We are not able to fund capital projects or capital campaigns this year. [Apply here](#) or at PedigreeFoundation.org/grant-program.
- Also, as was true in prior years, applications are open all year for **Disaster Relief Grants** for natural disasters, puppy mill seizures or hoarding situations. These are available through a separate application process, which you can access [here](#).

Applying for 2022 Annual Grants

The 2022 annual grant cycle opens on March 9. Applications are due by May 8, 2022.

You may apply for a DOGS RULE.™ grant and a Program Development grant in the same grant cycle, but only one grant will be awarded per organization. If an applicant applies for multiple grant categories, the highest grant award that they qualify for will be awarded to them. Note that receiving disaster relief funding of any sort will not disqualify you from the possibility of receiving other award funding.

All applicants for PEDIGREE Foundation grants must hold a current 501(c)(3) designation from the U.S. Internal Revenue Service and have a shelter or rescue that operates in the U.S. If your status is not current for any reason, your application will be denied. In addition, failure to comply with reporting requirements for previous grant awards will eliminate organizations from consideration in 2022.

Who Should Apply

PEDIGREE Foundation limits its grant awards to funding shelters and rescues in the U.S.

with programs that ultimately support dog adoption in the following areas: transport, foster, behavior or matching.

Specifically, our grants are intended to:

- help improve the quality of care of dogs while in shelter or rescue to increase adoption potential
- increase adoption rates within shelters or rescues through programs and/or new initiatives in the animal welfare community
